Consumer Rated Condition:

Good

"Good" condition means that the vehicle is free of any major defects. This vehicle has a clean [title history](#), the paint, body and interior have only minor (if any) blemishes, and there are no major mechanical problems. There should be little or no rust on this vehicle. The tires match and have substantial tread wear left. A "good" vehicle will need some reconditioning to be sold at retail. Most consumer owned vehicles fall into this category.

Trade-In Value

[List Your Car For Sale Online](#) **\$475**

Trade-in Value is what consumers can expect to receive from a dealer for a trade-in vehicle assuming an accurate appraisal of condition. This value will likely be less than the Private Party Value because the reselling dealer incurs the cost of safety inspections, reconditioning and other costs of doing business.
